ManufacturerFrucosol

Description

Instant cooling of any type of cups or glasses. It doesn\'t need too much space, so it can be placed anywhere.

It improves the taste of your drinks and cocktails as it adds no flavor and the ice melts. Ideal for champagnes and white wines, as it maintains the carbon they hold.

It provides with more hygiene to the service as the glasses are sterilized with the freezing process. It improves the quality of the service with a low cost.

It is perfect for any business. Its design makes it suitable for any space and surface; besides, thanks to the manual system of working, it is practical, fast and easy to use.
